SPAIN TO SIGN

Strong Belief at Paris That the Dodging Dons Will Come to Time.

No Meeting of the Peace Commission To-Day--More Athletic club, last night, for a 20 did no roughing or wrestling, such Hours Required to Answer the American Ultimatum--May be Ready on Friday.

PARIS, Nov. 23 -At the request of the Spanish peace commissioners there will be no joint session today pending instructions inside the ropes, thus wollting an im our statements made about the fight from Madrid The date of the next meeting is not fixed. The postponement is regarded as indicating that the treaty will be signed While Spain has not yet received the text of the American ultimatum they have received enough by telegraph to enable them to instruct the commissioners if such were her intentions. The belief is confidently expressed by an American commissioner that before Monday, the time fixed for the roply, the Spaniards will | in the righth round, when Corbett let acquiesce in the Philippines offer, and ultimately the treaty will be out the best attack he had in him signed by all the Spanish commissioners. It is true that the course which President Rios will follow is still uncortain, as he continues him fight before the did very hithe to "play to the gallery"; but leading members of the American commission believe he will sign. In any case his place on the him with left hand books on the face commission would be speedily followed probably by Castillo, the Spanish ambassador here. Rios sent a communication to the American commissioners last evening asking a number of ques over in a coinci and, att i throwing from from him and said "Oh, you tions The most important asked was in effect, if the Americans the street men and women seemed to really meant that the ultimatum must be answered by Monday. The up so quickly it wis hind to rightness minner of Rourke calling Spaniards were assured that such was the intent, and the answer

> A member of the Spanish commission today assured the Press his first Shukey rushed him even one of Corlett's seconds, jump d that the next meeting will take place Friday or Saturday, and that Spain's answer will be the last she will make and be a definite conclusion of the matter in hand. This is looked upon as indicating that Spain will sign the treaty of peace.

How Plants Irrigate Themselves, An English writer on natural history, Rev. A. S. Wilson, shows how plants have two principal method fol drainag. When the foliage slopes outward it carries the rain away from the trunk of the plant or tree, and this is called contribugal irrigation Amorg, the frees which possess this kind of drainage are the birch, the maple, the horse-cht thut, the poplar, the ash, the lime and the pear. On tle other hand palms and bananas, tulips, hyacinths, turnips, and most plants with tufted foliage, are drained by the contripctal system, i. e., the slope of the leaves and stems is such that the rain-water is led inward to-ward the trunk. In the first-mentioned plants the roots extend far out in every direction; in the others the Ate His Dinner in a Graveyard.
